

DISPATCHER

Sioux Valley Energy is seeking a Dispatcher at the Colman, SD service center. Responsibilities include dispatching crews, creating service orders, receiving and routing telephone calls, and documenting outages. One year experience in customer service, emergency call center, or utility operation required. Technical degree or associates degree in communications or related field strongly preferred. Work hours may include some rotating shifts. Excellent benefit package.

Candidates must submit an SVE application to be considered. Applications available online at www.siuoxvalleyenergy.com or by calling 1-800-234-1960.

Applications will be accepted until November 28, 2011.
